

# California Statewide Fire Summary

## Thursday, September 18, 2014

Today over 6,600 firefighters continue to battle 10 major wildfires burning in California. Several thousand residents remain evacuated. Yesterday, firefighters fully contained the Black Fire that had been burning in Mendocino County since last Saturday.

Today temperatures across most of the State will be much cooler than they have been the past week. In fact in some areas temperatures will be as much as 15 degrees cooler. Light rains are also expected today in many areas. The cool weather is expected to last through the week and then a warming trend is expected.

Residents across California are urged to ensure they are "Ready for Wildfire" by having an evacuation plan and knowing what to take if a wildfire breaks out in their area. Learn more at [www.ReadyForWildfire.org](http://www.ReadyForWildfire.org).

### Fires of Interest:

#### **\*\*CAL FIRE Incidents\*\***
