

California Statewide Fire Summary

Monday, June 22, 2015

Over 4,000 firefighters continue to battle six major wildfires in California. Since January 1, 2015 CAL FIRE has responded nearly 2,500 wildfires, a 50 percent increase compared to an average year. With dry drought conditions, there were over 270 new wildfires last week alone. The recent spike in wildfire activity is an important reminder for residents to take steps to prevent sparking a wildfire. One Less Spark, means One Less Wildfire.
