SONOMA-LAKE-NAPA UNIT - BURN SUSPENSION LIFTED

St. Helena – The California Department of Forestry and Fire Protection (CAL FIRE), Sonoma-Lake-Napa Unit will lift the burn suspension in the State Responsibility Areas (SRA) of the Unit, which include the counties of Sonoma, Lake, Napa, Yolo, Solano and Colusa. The lifting of the suspension is **effective Monday October 25, at 8:00 A.M.**

The recent wet weather has alleviated the dry fuel conditions which triggered the permit suspension earlier in the summer. Unit Chief Tim Streblov points out that, “Although the suspension has been lifted, permits are still required, and that despite the welcomed rainfall, a period of dry windy condition could dry fuels to the point where wild land fires are possible.”

With the lifting of the burn suspension in State of Responsibility Areas (SRA) – residents who hold valid CAL FIRE permits may resume burning, subject to the regulations of their local fire departments and air quality districts.

Property owners who burn outside of the regulations, or allow a fire to escape, may be subject to citations by CAL FIRE. (Public Resource Code 4421, 4422 and 4425).
