

California Department of Forestry and Fire Protection

Fire Safety Briefing 2004

Foreword

The information contained in this report is a compilation of data taken from a variety of CDF, USFS, DOI, and Local Government sources. It should be noted that the majority of the climatology and fuels information that appears in this document is a product of the fire, weather and predictive services professionals who contributed to the “**California Seasonal Fire Weather/Fire Danger Outlook**”, dated April 1, 2004.
