date report was written

Signature of RPF or Archaeological Surveyor

Part 1: Project Information

Project Size (acres):
Name of 7.5' USGS Quad Map:
Name of Landowner:
Legal Location:
Project Description:

Part 2: Archaeological Records Check Information

929.1[949.1, 969.1](c)2

Date of Records Check Conducted by Information Center:
Information Center File Number:
Summary of Records Check Results:

Part 3: Native American Consultation Information

929.1[949.1, 969.1](c)3

() Example of a notification letter(s) (including maps) is attached
List of Native American individuals or groups that were provided written notification:
Date of the CAL FIRE Native American Contact List that was used:
Date notification was sent:
Results of Information Request:
() No reply received as of (date):
() Written reply received (copy attached)
() Verbal reply received (summarize reply below):
() Native American archaeological or cultural sites were not identified within the plan
() Native American archaeological or cultural sites have been identified within the plan

Part 4: Survey Methods and Procedures

929.1[949.1, 969.1](c)7

Survey strategy:

Time spent conducting archaeological field survey:

Date(s) survey conducted:

Survey coverage intensity:

Ground visibility/other limitations:

Other relevant information:

Part 5: Survey Results

929.1[949.1, 969.1](c)8

List and description of all sites found, regardless of significance:

Part 6: Evaluation of Significance

929.1[949.1, 969.1](c)10

Preliminary determination of significance for each site for which 1) damaging effects from timber operations cannot be avoided or 2) no site record preparation is proposed.

Part 7: Protection Measures

929.1[949.1, 969.1](c)11

Specific enforceable protection measures:

Part 8: Site Recording

929.1[949.1, 969.1](g) and 929.5 [949.5, 969.5]

- () No sites found within the site survey area.
- () The following sites have been recorded and completed records are attached:
- () The following sites were previously recorded, updates not prepared (attach copy(ies)):
- () The following sites were previously recorded, updates prepared (attach copy(ies)):
- () The following sites will not be recorded, justification provided below:

Part 9: Archaeological Coverage Map

929.1[949.1, 969.1](c)9

Shall contain a north arrow, a scale, and accurately display the project boundary, the site survey area(s), and specific location of all archaeological and historical sites identified within the site survey area. Must be on a 1:1 scale copy of a USGS 7.5' quad or digital equivalent
