

**California Department of Forestry and Fire Protection (CAL FIRE)
Native American Contact List**

Date Revised: January 2, 2019

Note: This list is intended for use by Registered Professional Foresters (RPFs), CAL FIRE Project Managers and archeologists, CAL FIRE's Certified Archaeological Surveyors, and consulting archaeologists when determining what California Native American Tribes to consult with during the development and review of Timber Harvesting Plans (THPS) and other CAL FIRE Projects. The CAL FIRE archaeologist assigned to maintain this list is Steven Grantham. Please direct any information concerning list revisions to Steven's attention.

This Native American Contact List is maintained by the California Department of Forestry and Fire Protection (CAL FIRE) in consultation with the Native American Heritage Commission (NAHC). The list is authorized in California's Forest Practice Regulations (14 CCR Section 895.1) and identifies the appropriate Native American groups and individuals to be contacted when reviewing and or developing CAL FIRE projects. The list contains all federally recognized tribes and other appropriate contacts. Federally recognized tribes are designated with an asterisk. This list is organized by counties in alphabetical order. Project managers are responsible to notify all the listed contacts for the county containing the project if that county is designated "ALL". Fifteen of the counties have been split into divisions with defined geographic boundaries. In those instances, project managers are responsible to notify the listed contacts in the portion of the county containing the project. The boundaries of those divisions are also provided in a set of county maps. The maps can be viewed on-line, but we recommend the desired map be printed as the printed maps provide better resolution. The NACL is currently revised minimally on a biannual basis. Please contact CAL FIRE Associate State Archeologist Steven Grantham via email at steve.grantham@fire.ca.gov or by telephone at (707) 599-6895 or (707) 726-1256 if changes are needed or errors/omissions are observed.
