Atlanta, GA • A Tree City USA Community

Complete Your Recertification Application Online

The 2011 online Tree City USA recertification application is now available.
Follow these simple steps to get your community recertified:

Step 1 - Go to arborday.org/treecity

Step 2 – Select one of two options:
• Start your online application – this will allow you to begin your 2011 Tree City USA application.
• *View training webinar – this will allow you to view a brief webinar on completing your application online. (*coming soon)

Step 3 – Enter your User ID and password
• If you submitted your application online last year, use your user ID and password from last year. Hint – your user ID is your community name followed by your states abbreviation, example omahane or bostonma
• Can't remember your password – click forgot my password
o Enter the e-mail address that was used last year to submit your application.
o The password for your community will be e-mailed to the address that was used last year to submit your application
o If you do not know the e-mail that was used last year to submit your communities application, click on request user ID and password
• If you need a user ID and password, click here to have them created for you.
o Follow the steps onscreen to create a user ID and password
• For questions regarding user IDs and password e-mail us at
treecity@arborday.org or call

Step 4 – Start your 2011 Tree City Application
