The minimum bid rate per thousand board feet for redwood is \$625.00. The price has been fixed at \$100.00 per thousand board feet for Douglas-fir and \$100.00 per thousand board feet for all other whitewoods (grand fir/western hemlock). Single tree selection and Variable Retention harvest will be implemented. Timber volume within the selection areas has been estimated by a 100 percent tally of trees designated for harvest, and volume was estimated based on inventory data for Variable Retention Units (53 acres total). Sale acreage has been determined from the map, and trees selected for harvest in the single tree selection area have been marked with blue paint. Retention trees in the VR units are marked with orange paint or flagged with Special Treatment flagging.
