

Summary of Revisions – 2011 NSO Survey Protocol

1. Page 5. Explicitly indicated that surveys conducted as part of long-term demographic monitoring can be considered to be reasonable alternatives to implementation of this protocol.
2. Page 7. Section 3.2. Provided more explicit definition of “project area” (habitat modification vs. disturbance-only).
3. Page 9. Section 4.0.1 Corrected reference to Appendix 3.
4. Page 18. Section 10.0. Corrected reference to Section 10.3.
5. Page 18. Section 10.1.4. Corrected reference to 10.2.2.
6. Page 18. Section 10.2. Added Figure 2 to provide overview of when spot checks are needed.
7. Page 19. Provided more explicit identification of what constitutes a territorial owl.
8. Page 19. Section 10.2.2. Expanded description of survey area.
9. Page 13. Expanded glossary definition of Survey Area to be more specific regarding habitat modification vs. disturbance only surveys.
10. Section 15. Corrected reference to Section 17.
