Group Objectives

1. Work with affected counties and existing wood product markets to determine the feasibility for expanded wood product markets in California.
2. Provide for highest and best use of wood products.
3. Identify and develop new technologies for biomass products (laminated wood products, etc.)
4. Identify rules or regulations which may block the development of a utilization market.
5. Provide regular updates at Task Force meetings to ensure effective communication and geographic coordination among all task force groups and stakeholders.

Special Instructions

- Work assignments are consistent with Directive 14 of the State of Emergency Proclamation.
- Work with other federal, state, local, tribal, private and non-governmental entities as needed.
