

## RESOURCE MATRIX

Department	Funding/Resource Programs	Proposed Amount	Target Recipients	Background Information
<b>CCC</b>	Crews not working this winter can work with the affected counties as labor with equipment purchases	Varies (based on crew availability)		
<b>CEC</b>				
<b>CAL EPA</b>				
<b>CAL FIRE</b>	SRA Grants		Local entities including, but not limited to, local government, fire districts, community services districts, water districts, and special districts with SRA within their jurisdiction, or certified local conservation corps, Fire Safe Councils, or other nonprofit organizations.	<a href="http://calfire.ca.gov/fire_prevention/fire_prevention_fund_grants">http://calfire.ca.gov/fire_prevention/fire_prevention_fund_grants</a>
<b>CA Labor &amp; Workforce Development Agency</b>				
<b>CAL OES</b>	(1) California Disaster Assistance Act  (2) FEMA Hazard Mitigation	(2) \$25-30mil dollars	(1) Reimbursements to counties for dead or dying tree removal in a right-of-way or posing a hazard to the general public (2) Cost benefit on purchase of equipment, grants 75%, counties could cost share, can propose to FEMA	(1) Have a detailed facts sheet that explains regulation with questions received from various agencies
<b>CAL RECYCLE</b>				
<b>CAL TRANS</b>	Identify facilities and corridors that could possibly take mulch		-best if can localize mulch for transport costs -Highway 49 corridor?	
<b>DOF</b>	Follow-up with Housing and Community Development on Community Development Block Grants funds			
<b>GOV OPS</b>	Help DGS and Cal Trans to identify facilities that could possibly take mulch		DGS to invite departments to bid for how much mulch they are able to take?	
<b>NRCS</b>	(1) Catastrophic Fire Recovery/Healthy Forest Program		(1) Targeted for emergency recovery, currently can cover 50% of costs, could possibly increase to 75%, tribal entities could get up to 90%	

## RESOURCE MATRIX

Department	Funding/Resource Programs	Proposed Amount	Target Recipients	Background Information
	(2) EQIP (Environmental Quality Incentive Program)  (3) FSA Qualified biomass conversion facilities (FY 2015)	(2) Budget of \$87.2mil (\$500K targeted) this year; 5 fund pools around the state including Sierra Nevada	(2) non-industrial private land owners	<a href="http://www.fsa.usda.gov/programs-and-services/energy-programs/BCAP/index">http://www.fsa.usda.gov/programs-and-services/energy-programs/BCAP/index</a>
<b>OPR</b>	Follow-up with treasurer's office on PACE program			
<b>Rural Development</b>	Community Facilities Program	Grants could range around \$20,000	-Small purchases of equipment, loans and limited grant funding for essential community facilities (consider equipment as well), equipment such as emergency response vehicles is target, but could possibly extend to chippers if need be -Water agencies or waste water agencies may be eligible to compete for tree removal equipment -Lake and Calaveras counties will receive priority applications for funding, low income counties are the target for priority points	-application process can be done within a couple months if funding is available, don't have a standard cycle with application process
<b>STATE PARKS</b>	(1) Firewood Sales Program		overlapping areas with high hazard zones (CAL FIRE) and state parks	
<b>USFS</b>	(1) State Fire Assistance Funds  (2) Good Neighbor Authority	(1) Around \$8 million provided to a state clearing house for allocation through a competitive grant process (currently)	(1) communities, fire safe councils and other organizations that meet stated RFP eligibility requirements with projects that propose acceptable activities (2) Existing funds may be shared across boundaries as negotiated/available. Agreement will be between USFS and State Natural Resource agencies; State agencies could choose to work through third parties, e.g. counties	(1) <a href="http://www.cafiresafecouncil.org">http://www.cafiresafecouncil.org</a>

## RESOURCE MATRIX

Department	Funding/Resource Programs	Proposed Amount	Target Recipients	Background Information
	<p>(3) Wyden Authority Funding</p> <p>(4) Direct Funding from Washington DC for specific collaborative projects, e.g. cohesive strategy</p> <p>(5) Redirected funding from the Region Office</p>		<p>(3) Existing federal funds may be used on state or private lands if there is a demonstrated benefit to federal lands; Funds and projects are administered by USFS or through agreement with eligible partners</p> <p>(4) Funding may be used on the National Forests; some funds may be available for grants to other eligible partners (depends on funding available and associated authorities). Additional funding may be requested by Regional Forester to match State investments</p>
