**Approval of Agenda:**

- All concur

**Approval of Last Meeting Minutes**

- All concur

**Outcomes / Action Items:**

- USFS completed final aerial survey and have crunched numbers, awaiting final approvals (no timeframe)
- HHZ Tier 2 update complete (based on May release of ADS data)
- Special request regarding Rim fire perimeter and HHZ Tier 2 will be further considered after ADS is released (in order to see if that new data solves the problem on its own)
- Offline discussion to occur with Caltrans regarding potential predictive mechanisms
- Local HHZ Tier 1 designation process currently being tested in the field with CALFIRE units, then will reach out for local entity testing
- Facts and Figures are close! Doing finishing touches and awaiting final agreements with execs, partner agencies, and communications.
- LiDAR/Hyperspectral Subgroup has been created and has drafted a purpose document. Will be scheduling first meeting soon.
- Wood Storage Sites service has been created and will be added to a web app for authorized users to vet and edit the data. Further discussion to follow regarding potential attribution to include. Once vetted, active sites will be added to the public viewer.
- Initial "pilot" wood storage site suitability analysis performed for Mariposa County. Additional counties likely to follow, after discussing feasibility, collaboration, and priorities.
- Requesting mortality project data by Dec 1<sup>st</sup> for the next update.
- Export tool in the works for the Mortality Project Mapper, to allow entities to extract their data.

**Meeting adjourned:** ~2:00pm
