#### 6. Project Administration

- a. GRANTEE shall provide the STATE a written report showing total final Project expenditures and matching funds upon Project completion or grant expiration, whichever occurs first. GRANTEE must report to the STATE all sources of other funds for the Project. This includes the right to inspect and make copies of any books, records, or reports of GRANTEE pertaining to this Agreement or matters related thereto.
- c. GRANTEE shall keep such records as the STATE shall prescribe, including, but not limited to, records which fully disclose (a) the disposition of the proceeds of state funding assistance, (b) the total cost of the Project in connection with such assistance that is given or used, (c) the amount and nature of that portion of the Project cost supplied by other sources, and (d) any other such records as will facilitate an effective audit. All records shall be made available to the STATE, other State of California agency, or other entity as determined by the State of California for auditing purposes at reasonable times.
- d. GRANTEE shall use any generally accepted accounting system.

#### 8. Research

- a. - i. GRANTEE is responsible for ensuring that any publishing or copyright agreements concerning peer-reviewed manuscripts fully comply with this section
  - ii. GRANTEE shall report to STATE the final disposition of the peer-reviewed manuscript, including, but not limited to, if it was published, date of publication, where it was published, and, when the 12-month time period from official date of publication expires, where the peer-reviewed manuscript will be available for open access.
- b. For a peer-reviewed manuscript that is accepted for publication pursuant to the terms and conditions of this Agreement, the GRANTEE shall ensure that an electronic version of the peer-reviewed manuscript is available to STATE and on an appropriate publicly accessible repository approved by the state agency, including, but not limited to, the University of California's eScholarship Repository at the California Digital Library, the California State University's ScholarWorks at the Systemwide Digital Library, or PubMed Central, to be made publicly available not later than 12 months after the official date of publication. GRANTEE shall make reasonable efforts to comply with this requirement by ensuring that the peer-reviewed manuscript is accessible on an approved publicly accessible repository, including notifying the state agency that the manuscript is available on a state-agency-approved repository. If the grantee is unable to ensure that his or her manuscript is accessible on an approved, publicly accessible repository, the grantee may comply by providing the manuscript to the state agency not later than 12 months after the official date of publication.
- c. For publications other than those described in (b), including scientific meeting abstracts, GRANTEE shall comply by providing the manuscript to the STATE not later than 12 months after the official date of publication.
- d. The grant shall not be construed to authorize use of a peer-reviewed manuscript that would constitute an infringement of copyright under the federal copyright law described in Section 101 of Title 17 of the United States Code and following.
- e. Use of GRANT FUNDS for publication costs, including fees charged by a publisher for color and page charges, or fees for digital distribution are allowable costs but must be within the GRANT FUNDS and item 4 of the agreement.

Waiver shall include information on GRANTEE's existing requirements. Approval of the waiver is at STATE's discretion.

#### 9. Project Termination

- a. This Agreement may be terminated by the STATE or GRANTEE upon 30-days written notice to the other party.

If either party terminates the Agreement prior to the completion of the Project, GRANTEE shall take all reasonable measures to prevent further costs to the STATE under the Agreement and the STATE shall be responsible for any reasonable and non-cancelable obligations incurred by GRANTEE in the performance of this Agreement prior to the date of the notice to terminate, but only up to the undisbursed balance of funding authorized in this Agreement.
- c. Failure by GRANTEE to comply with the terms of this Agreement may be cause for suspension of all obligations of the STATE hereunder at the discretion of the STATE.
- d. Failure of GRANTEE to comply with the terms of this Agreement shall not be cause for the suspension of all obligations of the STATE hereunder if in the judgment of the STATE such failure was due to no fault of GRANTEE. At the discretion of the STATE, any amount required to settle at minimum cost any irrevocable obligations properly incurred shall be eligible for reimbursement under this Agreement.
- e. Final payment to GRANTEE may not be made until the STATE determines the Project conforms substantially to this Agreement.

#### 10. Hold Harmless

- a. GRANTEE shall defend, indemnify and hold the STATE, its officers, employees, and agents harmless from and against any and all liability, loss, expense (including reasonable attorney's fees), or claims for injury or damages arising out of the performance of this Agreement but only in proportion to and to the extent such liability, loss, expense, attorney's fees, or claims for injury or damages are caused by or result from the negligent or intentional acts or omissions of GRANTEE, its officers, agents, or employees. The duty of GRANTEE to indemnify and hold harmless includes the duty to defend as set forth in Civil Code Section 2778. This Agreement supersedes GRANTEE's right as a public entity to indemnify

(see Government Code Section 895.2) and contribution (see Government Code Section 895.6) as set forth in Government Code Section 895.4.

- b. GRANTEE waives any and all rights to any type of express or implied indemnity or right of contribution from the STATE, its officers, agents, or employees for any liability resulting from, growing out of, or in any way connected with or incident to this Agreement.

16. Waiver

No term or provision hereof will be considered waived by either party, and no breach excused by either party, unless such waiver or consent is in writing and signed on behalf of the party against whom the waiver is asserted. ## CAL FIRE Wood Products and Bioenergy Equipment Disposition Plan

### Definitions.

**Equipment** is an item exceeding \$5,000 or more per unit cost and has a tangible useful life of more than one year.

### Equipment Requirements.

(a) Unless the agreement provides otherwise, title to equipment acquired by a recipient in part or wholly with CAL FIRE Wood Products and Bioenergy (Wood Products) grant funds shall vest in the recipient, subject to the conditions of this Attachment and a vested interest maintained with the State of California for the service life<sup>1</sup> of the equipment, continuing after the termination of the Grant Agreement.

(b) The recipient shall use the equipment in the project or program for which it was acquired as long as needed, whether or not the project or program continues to be supported by grant funds and shall not encumber the property without approval. When no longer needed for the original project or program, the recipient shall use the equipment in connection with its other CAL FIRE aligned activities, in the following order of priority:

- (1) Activities sponsored by Wood Products, then
- (2) Activities aligned with Wood Products interests.

(c) Prior authorization must be received from CAL FIRE if the recipient uses CAL FIRE funds to purchase equipment under a financing or loan agreement. For instances where equipment is purchased under a loan or financing agreement, the recipient shall maintain a status of "good standing" with the financing entity for the duration of financing terms. Prior to the termination of the Grant Agreement, the equipment must be paid off in whole and all interest in the equipment held by a third party lender or similar entity shall be extinguished, unless written approval is otherwise granted at the discretion of the CAL FIRE Wood Products and Bioenergy Staff. In such a case, recipient shall inform the lender, in writing, of CAL FIRE's interest in the equipment using a "Financing Notification Letter" provided by CAL FIRE.

(d) The recipient's property management standards for equipment acquired with grant funds shall include all of the following.

- (1) Equipment records shall be maintained accurately and shall include the following information.
  - (i) A description of the equipment.
  - (ii) Manufacturer's serial number, model number, Federal stock number, national stock number, or other identification number.
  - (iii) Source of the equipment, including the award number.
  - (iv) Title vesting details.
  - (v) Acquisition date and cost.
  - (vi) Information from which one can calculate the percentage of state participation in the cost of the equipment.
  - (vii) Location and condition of the equipment and the date the information was reported.
  - (viii) Unit acquisition cost.
  - (ix) Ultimate disposition data, including date of disposal and sales price or the method used to determine current fair market value.
- (2) Equipment purchased, at least in part, by Wood Products grant funds shall be identified to indicate CAL FIRE ownership.
- (3) A physical inventory of equipment shall be taken and the results reconciled with the equipment records at least once every two years. Any differences between quantities determined by the physical inspection and those shown in the accounting records shall be investigated to determine the causes of the difference. The recipient shall, in connection with the inventory, verify the existence, current utilization, and continued need for the equipment.
- (4) A control system shall be in effect to ensure adequate safeguards to prevent loss, damage, or theft of the equipment. Any loss, damage, or theft of equipment shall be investigated and fully documented; if the equipment was purchased at least in part by CAL FIRE, the recipient shall promptly notify the CAL FIRE program with whose funds the equipment was purchased. Adequate maintenance procedures shall be implemented to keep the equipment in good condition.

---

<sup>1</sup> Service Life is the number of years the equipment is likely to remain in service for the purpose of cost-effective revenue generation.
